NORWAY VICINITY

Mrs. George L. Curtis, who has been spending a few days with her daughter, Mrs. Clarence Seabury at Yarmouth, returned home Tuesday evening. Capt. A. W. Pratt, of East Orange, N. J., came with her, and is a guest at the Curtis' home for several days.

Miss Harriett B. Knight has gone to Lynn, Mass., for a week's visit at the home of her brother and family. Her sister, Mrs. Effie Lora of Portland, is staying with their mother, Mrs. Louisa Knight during her absence.

Mrs. John W. Prince fell on the ice Tuesday, and cracked a bone in her ankle.

The members of the Jolly Club were delightfully entertained Wednesday at the home of Mrs. M. W. Sampson, Bridge Street. A very attractive luncheon was served at one o'clock, the menu including bullion, cold ham, potato salad, hot rolls, date pie, angel cake, coffee, confections and nuts. Mrs. Sampson used dishes that were her grandmother's and great-grandmother's that were much admired. The afternoon was devoted to auction with four tables in play. Owing to the icy streets, the members were transported to and from the party by B. B. Bicknell, who managed to manipulate the auto with no accident.

Miss Annie Nurminen is doing housework for Mrs. S. S. Pottle. Mrs. Pottle and young daughter are doing fine.

Mrs. Grovner Edwards who has been in Massachusetts for the last month visiting relatives, spent Friday night at the home of her niece, Mrs. Scott Pottle. She returned by stage, to her home in Bolster's Mills, Saturday forenoon.

Sigrid Nurminen is working her board at Norman Greenlaw's and going to school. She has been walking home to Frost Hill every night, this is a distance of about five miles. That is what we call ambition.

Joe Crooker is working in Skowhegan. Mrs. Crooker tells us that she is going down and look the place over and that possibly they may go there with the family to live.

Nolan Jackson accompanied by several other boys, went to North Pond last Saturday. They had great sport fishing through the ice and reported quite good luck.

W. O. Perry is one of the busy men in our village. He is selling his vegetables and delivers them on a hand sled. If he couldn't do something, he would be unhappy.

Mr. and Mrs. A. L. Buck of Lancaster, N. H., are in New York this week, buying goods for their store.

Lawrence Card found a black mitten on Pleasant Street, Tuesday, and left it for the owner at this office.—Call.

Mr. and Mrs. Forrest Longley took a moonlight ride out into the country, Friday evening, made a pleasant call at Mr. and Mrs. George Westleigh's; leaving their car there they took advantage of the good sliding and continued their journey on foot, sliding down the long hills, also called on their friends, Mr. and Mrs. Leslie Millett, returning home by auto, later.

Philip Stone and Margaret Morrill were Sunday callers in Millettville. They also made the trip by hiking and sliding. It is beautiful weather for such sport and people are enjoying it to the limit.

Not all the big loads of pulp are hauled into Norway village by gasoline power as those who see Spaulding Abbott's ox teams with their big loads swing around the corner of Whitman and Pearl Sts., are heard to exclaim, "If you want to see a big load of wood look at Abbott's team; Stanley Thurston and Levi Richardson are each driving an ox team for Mr. Abbott while Spaulding himself is driving four handsome steers and their large loads of wood loom up and Abbott can tell you how many cords they measure out.

Mr. and Mrs. George McKeen have moved into the Albert Descoteau house at Steep Falls, moving from the Wood house on Tucker Street.

Mrs. Emma Mann, who has been visiting with her daughters, Mrs. Bertha Peterson at Wollaston, Mass., and Mrs. Jennie Kneeland at Melrose, Mass., has returned home.

Ralph Sturgis is working for Ripley & Fletcher in the sales department taking the place of Ernest Nason.

Mr. and Mrs. Homer R. Luck were in Portland, recently, to attend the automobile show.

The regular meeting of Oxford Chapter, No. 168, O. E. S., will be held Tuesday evening, February 14. Supper will be served at 6:30 in charge of Nettie Nevers, Etta Lebroke, Lola McAllister, Grace Dunn, Nettie Cummings, Mamie Twitchell, Lettie Leavitt, Helen Borneman, George Dunn, Arthur Cummings, Eugene Lebroke, William H. Leavitt. After the supper, officers for the year will be installed by district deputy Grand Matron, Eva M. Titus.

M. W. Sampson says he has begun his summer vacation, getting camps ready for the summer season that is one long vacation, dealing all summer with the good people who come to the lake and that he will begin real work on October the first. Autos are making use of the Lake this winter and it is said they are thicker than motor boats are in the summer time. Ox teams are also making use of the lake as well as tractors.

A copy of the "American School Board Journal" is among the magazines at the Norway Public Library. Anyone interested in school work can gain a knowledge of what is being done in other schools similar to ours.

Alice Brown, Viola Brown, Sarah Thurston, Dorothy Wiles and Mildred Gallant members of Abnaki Campfire Girls, with their leader, Mrs. Helena Nelson, hiked to North Pond, Saturday, for a camp fire and all day fishing. They chopped holes in the ice and secured a number of pickerel. On the return home they called on Mr. and "Gram" Dunham and reached the village between 7 and 8 o'clock, having been delayed by rain that made hiking precarious.

Boy Scouts at Union Meeting

Eighteenth Anniversary of Boy Scouts Fittingly Observed Sunday Evening at Universalist Church

Norway Troop No. 1 Boy Scouts observed the eighteenth anniversary of the organization of Boy Scouts of America by attending Union services in the Universalist Church, Sunday evening. Scout Master Rev. John Singleton addressed the boys, using for his subject, "Living the Straight Life."

The Scouts marched in a body to front seats and were in charge of the opening exercises. After the flag salute, Scout Hutchins repeated the Scout oath and Scout Wiles gave the motto. Rev. Pliny Allen assumed charge of the meeting and a service of song followed.

The address by Scout Master Singleton was a direct appeal for clean living based on the text "And go into the street which is called Straight" (Acts 9:11). Life, he said, starts on Young Street, then we move to School Street and too frequently a residence is taken on Get-By Street. We should settle on Joy Street, but all must walk along Sorrow Street, yet not sojourn there. To become true citizens, and live up to the best in our career, we must locate permanently on Straight St. Pastor Singleton warned the boys above all to honor God, never be ashamed of their parents, and to keep the body and mind clean as temples of God.

NORWAY ANNEXED TWO GAMES

Norway High School copped two basket ball games at the gym, Friday night. The boys topped the Norway Independents 42-26 and the Norway girls scored eight points over the Hallowell girls with a score 24-16.

The Independents, many of them formerly listed as Coach Rowe's colts, during their high school days, were not up to the speed of the present team that Coach Rowe is developing. In spite of a few rusty joints, the combination gave the regulars a good run and provided an interesting contest for sideline rooters. Locating the basket was a handicap to point making, and many shots that meant well dropped outside the ring.

The girls staged a clean cut battle throughout and played for all there was in the game. At no time did any wide margin appear yet it was evident that Norway's string had a good edge on the visitors. Following are the summaries:

CANDLEMAS PARTY FOR MR. AND MRS. JOHN SWAIN

Mr. and Mrs. Fred Cummings gave a Candlemas dinner and card party at their home, Thursday, February 2, in honor of the wedding anniversary of Mr. and Mrs. John Swain. The living rooms were prettily decorated with evergreens and pink hyacinths. In the dining room was a profusion of white hyacinths and pink candles while everywhere about the rooms were candy ground hogs with their old time superstitions.

A bride's cake was cut by Mrs. Swain and boxes of wedding cake were distributed among the guests. Mr. and Mrs. Swain received many valuable and interesting gifts and letters were read from absent friends. Mrs. Florence K. Mitchell of Oxford held the highest score at cards.

LEGION POSTERS

Posters depicting the progress of The American Legion during the first decade of life wil appear on the bill boards of Norway for the month of February. Arrangements have been made for the use of bill board space here during the month in order that the ideals and aims of the Legion may be placed before the people.

The posters will depict in a vivid way the real spirit of the Legion, Commander Moore said. They will be symbolical of the Legion ideal of service to country in peace time as in war, which the Legion is carrying out in its community service, Americanism, political education, child welfare and similar activities.

The poster has been made up from a sketch drawn especially for the Legion by Chester A. Bratten, a well known artist of Chicago. It has a decorative background in which the main figure is the Goddess of Liberty standing with arms uplifted in consecration of the sacrifices made by the fighting men of America in the World War. In the foreground is a panoramic scene depicting the city, agriculture and industry. At the top is the name "The American Legion" and at the bottom the slogan, "In peace, as in war we serve."

Similar posters will be displayed in almost every city and town in America during February to give national emphasis to the service which the Legion is now rendering to community, state and nation, Commander Moore stated. More than 17,000 of the posters are being sent out from National Headquarters of the Legion at Indianapolis to be posted throughout the country.

Woodbury Russell, who bought the Tubbs house, corner Cottage and Pearl Streets, known as the Millett place, has torn down the shed and will move the barn to the ell. General repairs will be made.

Ralph Hascall, city mail carrier, covered eight miles of his route on skates, Wednesday and Thursday. Youngsters found skating good on the streets, not bothered with ruts or bare spots.

A blacksmith's winter, sure enough.

Mrs. Mabel K. Leavitt, Orchard St., is confined to the bed with prevailing distemper.

Wedding

Perry-McCready

Miss Germaine Daigle McCready and Harvey Perry were united in marriage, Monday morning, at 7 o'clock, Feb. 6. The ceremony was performed at St. Catherine's Catholic Church, Rev. J. A. Redden was the officiating clergyman who used the double ring service.

The attendants were Miss Alice Perry, sister of the groom, and Henry McCready, brother of the bride, with members of the immediate families and invited guests present. The bride was gowned in pink silk with overdress of self colored georgette embroidered with beads.

A wedding breakfast was served at the home of the bride's parents. Tasteful decorations in pink and white were arranged in the rooms. The cake was cut by the bride and the gifts were in charge of Mrs. J. A. McCready.

After a short trip, Mr. and Mrs. Perry will reside with Mrs. Perry's sister and husband, Mr. and Mrs. Myers.

The bride is the daughter of Mr. and Mrs. Harry McCready and has been employed at the Jellerson-Rafter Co. The groom is the son of Mr. and Mrs. A. T. Perry, Brown Street, and employed at the factory.

HATCHING AND OTHER AGRICULTURAL MATTERS

Spring is in the air when the agricultural boys at Norway High School start the incubators in that department.

Wednesday was the day when lamps were lighted under two machines, each holding 400 R. I. Red eggs. This is a class project and the first in three hatches that will be set. In the first hatch are 57 eggs from pens of the agricultural department, Willard Young has 200 from his own selected strain; 65 of the Jackson strain from two year old stock; 340 from W. H. Edminster's pens and 138 specially selected eggs from the breeders at Wright-Stone poultry farm. Willard Young, in addition to his contribution to this hatch has 240 eggs to be incubated at his home. Each egg in this first hatch weighs from 2 to 2 1-4 ounces. An electric brooder will care for the chicks for three weeks, then this large family will be transferred to sections in the Edminster poultry house, lower Main Street, which are to serve as a laboratory or experimental station under the supervision of the instructor, Edward H. Brown.

About the first of March one incubator will again be loaded with eggs furnished by boys taking the poultry project. John Pike will furnish 200; Robert Pike, 50, and Charles Huff, 150. Percy H. Nevers, who kindly loaned the second incubator for this additional work, will set 400 eggs in this second hatch for his yards.

Bookings for the third hatch are as follows: Abel Thurston, 133; Lewis Knightly, 133; Donald Green, 25; Wayne Moore, 50; Urshal Gammon, Jr., 100; Raymond Kilgore, 100. It is expected some 260 eggs needed to fill the machines will be furnished by the class.

One hundred boxes of garden and flower seeds have been received from the Good Seed Co., of New York state and are being distributed by the agricultural students. Each box contains twenty packets of the 1927 crop claiming 98 per cent germination. These seeds were handled last season and proved satisfactory.

The seniors will make a field trip to Wright-Stone Poultry Farm for a farm management survey to secure data on the commercial poultry industry.

REPORT OF NORWAY NURSING SERVICE, JANUARY 1928

In the early part of the month, records of the day's work show many visits to patients with measles and to schools for class room inspection. It was requested by letters to parents that children exposed before Christmas vacation be kept at home until the incubation period was complete. This was done in the Lower and Middle Primaries. The total number of visits to schools was 90 with 30 class talks, chiefly to the lower grades. Health habits are stressed, rhymes are much used in the primary grades, particularly to emphasize daily care of the teeth. Pupils excluded for skin conditions all have returned to school.

During the month 443 were weighed, 49 had lost, 59 were stationary, 25 were more than 10 per cent under average weight and 60 were 20 per cent or more over average weight. Just the "underweights" and "overweights" in the high school classes were weighed. A few of those found to have lost were among the "overweights."

The proposal to heat lunch in the village school has been carried out. The number of children bringing lunch to be heated has increased. Three covered glass jars seen by the nurse last week looked very attractive.

Eighth grade with Miss Flavin's instruction and third grade with Miss Thibodeau's have completed some very attractive health posters. Other grades also will have some.

Considerable time has been given to inquiry as to correction of physical defects seen in individual inspection. Of the total number found, more than one-sixth have been corrected. In a number of instances the course advised by the physician is being planned, with some of the children referred for examination of throat, the physician has advised removal of tonsils. Several children have been fitted with glasses. Dental defects were far the most numerous. Attention to these is strongly urged. About one-fifth of those found needing dental care have had it.

For the month, 13 visits to Well Baby Conference were made by ten babies and pre-school children.

A class of nine high school girls has started the Red Cross Course in Home Hygiene and Care of the Sick. They meet in the Nursing Service Office twice a week. A much needed and much appreciated increase in equipment for this work adds greatly to its value. The evening class meets each Monday at seven.

Nursing visits for the month total 68—other visits, 48. Fees collected, $6.00.

The Swastika Club was entertained by Mrs. C. E. Osgood, Wednesday evening. The evening passed quickly with sewing and sociability. Dainty refreshments were served. Those present were: Mrs. Harriott M. Porter, Mrs. Clarabel Sanborn, Mrs. Lettie S. Leavitt, Miss Maude Mixer, Mrs. Helen H. Borneman, guests: Miss Mercy E. Millett and Miss Lola D. Smith, and the hostess, Mrs. Harriett E. Osgood.

The Chatterbox Club met Wednesday evening at Charles A. Richardson's.

Wednesday was a big day for the sale of creepers. With the streets a glare of ice, the creeper demand was great.

Miss Hilda Russell who is attending Emerson School of Oratory, in Boston, spent the week end with her parents, Mr. and Mrs. Woodbury Russell.

Mr. and Mrs. George Meserve spent the week-end with his parents in Portland.

Mr. and Mrs. William H. Leavitt and niece Verna Campbell attended the Automobile Show in Portland.

Life's Journey Ended

Mrs. Martena Richardson

After a long period of failing health, Mrs. Martena Richardson died at the Portland Eye and Ear Infirmary, Friday morning, February 3, where she had been since September, suffering with a malignant throat trouble. Her remains were brought to Norway, Friday night, for the funeral.

Mrs. Richardson was born in Stoneham in 1857, the daughter of Mr. and Mrs. Benjamin G. McAllister. She was employed in the B. F. Spinney & Co. shoe factory for many years and at the Jellerson-Rafter Co. After the death of her mother, she made her home with a brother in Lovell for a time and frequently visited with friends in Norway. Later she was in West Paris as housekeeper, but returned to Norway and South Paris for a while before entering the hospital.

She was a Past Chief and prominent worker in Lake Temple Pythian Sisters at Norway, and a member of the Second Congregational Church.

The deceased leaves one brother, Willis McAllister, and a nephew in Lovell. Mr. Richardson died many years ago.

Services were held at Spiller's Funeral Home, Sunday, at 2 p. m., attended by Rev. Raymond Morgan, pastor of her church. The Pythian Sisters attended in a body and performed their ritual service. The remains were placed in the tomb at Pine Grove Cemetery.

VIOLIN RECITAL

Miss Marion Haskell featured six of her violin pupils at a public recital at the Second Congregational Church, Tuesday evening, Feb. 7. All of the numbers were very pleasingly rendered and gave evidence of much hard work by both teacher and pupils. Several pupils from Waterford and Oxford, who were to have had a part, were kept at home by the icy traveling. Following is the program:

PART I

Quartet, with piano, "Captain Brown" — Edmund Severn
Elizabeth Ariel, Robley Morrison, Clara Adkins, Irene Tubbs
"Happy Childhood"
John Morrison
Quartet, with piano, "May Pole Dance" — Severn
Piano solo, "Musette" — Bach
Elizabeth Sharon
Waltz, violin
Irene Freeman
The Old Fashioned Cradle — Dallam
Irene Tubbs
Quartet, "Dancing Master" — Levern
"Dance of Sylples" — Devaux
"Romance San Paroles" — Van Goens
Elizabeth Ariel
Violin Duet, "An Old Song" — Nevin
Elizabeth Ariel, Clara Adkins

PART II

Oriental — Cui
Minuet in G — Beethoven
Clara Adkins
Quartet, "Swan Boats" — Severn
Piano Solo, "Dancing Doll" — Paldini
Elizabeth Sharon
Quartet, "Largo or Going Home" from New World Symphony — Dvorak
Quartet, "Tennis Players" — Severn

SKILLFUL WORK OF BOY SCOUTS

Members of Norway Troop, Boy Scouts of America, are observing anniversary week and have an attractive display in a window at the L. F. Pike Co. Blue Store. The scene is typically Boy Scout with the uniform, troop flag and the star spangled banner in conspicuous places.

Many things constructed by the boys were made of unseasoned lumber and failed to stand inspection when dry, but a good variety is on display. Scout P. E. Brown has a neat street plan of Norway village; Scout J. E. Wiles offers a model of a British Air-Mail plane; and an attractive bird house is the work of Scout Bernard Hutchins.

Roger Gates has ten different knots mounted on a board, nearby is a set of logging sleds and load made by Leonard Dow. A large suspension bridge built by Scout F. R. Dow occupies much of the background and is flanked by a tall signal tower erected in rustic style by Scout J. F. Wiles.

Pinned to the Troop banner are two ribbons presented by President Harding in 1923.

This is a worthwhile exhibit and an eye opener to many who believe the boys do little but play games and do cross country hiking on certain occasions. The show is well worth a visit.

PYTHIAN SISTERS

At the regular meeting of Lake Temple Pythian Sisters, committees appointed for the year were announced as follows:

Resolutions—Mrs. Sadie Lapham, Mrs. Mary Kimball, Mrs. Evis Cook.
Altruistic Work—Mrs. Maude Spiller, Mrs. Nettie Nevers, Mrs. Eleanor Mattor.
Flowers and Fruit—Miss Jessie Everett, Mrs. Ida Everett.

Mrs. Maude Spiller, who was elected press correspondent, assumed her duties with the new officers.

Will Brown is sick in bed with sciatica at the home of Dr. Calvin Walker. Mrs. Brown and children are stopping with the Walkers and assisting with the work.

F. E. Decoster: "Glare ice all the way down Pike Hill, Thursday morning." He spoke the truth.

Nathalie Kimball is confined to her home with mumps. Both sides are diseased.

Mrs. Elizabeth Swett has moved from the rent over the Savings Bank to Arthur Tucker's rent on Cottage Street.

Mr. and Mrs. Leslie N. Wood, with Norman, 5, and Carolyn, 3, of Auburn, visited their uncle and aunt, Mr. and Mrs. J. A. Woodman of Deering Street last Saturday. They were accompanied by Mr. and Mrs. Richard Trask, who live on the same street with them in Auburn.

Fred S. Brown is in New York City, buying for the Norway and Bridgton stores.

The food sale by the Norway Lake Mothers' Club, to have been held at the Jackson-Greenlaw Store, Thursday afternoon, was postponed on account of the icy traveling. It will be held at a later date.

O. W. Brown of the Boston Herald was called here from Lynn, Mass., Thursday owing to the critical illness of his father, G. Julian Brown.

Miss Lola D. Smith is visiting Mrs. C. E. Osgood and Tuesday evening they entertained Mrs. Leola Morrison and sons, Robley and John, at supper.

Miss Adelaide Ramsell was a week end guest of her aunt, Mrs. Samuel Ray, and family, on her way home from Garden City, N. Y., where she has had employment through the winter.

Miss Frances Ray, who has been ill with pneumonia, is slowly gaining.

Mt. Mica Lodge No. 17, of South Paris will confer the 1st degree on a class of candidates at I. O. O. F. Hall, Norway, Tuesday evening, Feb. 14. Buffet lunch after the work.

A light rain, Wednesday, freezing on the accumulation of ice was responsible for numerous falls and auto collisions with little more serious than dented mud guards and stout language. Coarse gravel was used on sidewalks as sand was useless in the sleet.

Mrs. Lillian Adams, Norway Lake, spent the week end with her sister, Mrs. Walter C. Smith.

Hints, Pats, Knocks.

Loose Pulley Squeakings

That more autos are not smashed is a wonder.

We have a cat and are greatly pleased with it. It takes its meals at Charles Richardson's Market and sleeps among the high colored pillows decorating the couch. She is well behaved and gentle. Somehow we have a notion she is soon to have a large increase in the cat family and what shall we do?

Heard on the street: "Somehow the paper is silent when the light on the south side of the clock tower is out. Haven't you noticed it?"

A bit ahead of time—a self-made valentine—"To Fred W. Sanborn, from E. H. Wilcomb, Worcester, Mass." No, it's not attempted poetry; it's a conundrum. It says:

Picture in your mind a beautiful valley!
Nature in her most charming loveliness!
Unsullied by the hand of man!
Forests of beautiful shade trees!
Glades and dells of living green!
Entrancing little isle-dotted lakes!
Tumbling streams and waterfalls!
Towering mountains and precipices!
Distinctly marked by prehistoric ice cap!
And accompanying glacial floods!
Greatly diversified natural scenery!
Resort of all kinds of wild game!
Home of the elusive speckled trout!
That loved the waters of Mad River!
Between Pickerel Pond and the Cove!
(The inlet that bore the same name!)
A region steeped in romantic mystery!
Scene of early conflicts with Indians!
(Some say 'twas gluttonous cannibals!)
And of crude pioneer industry!
Remains of an ancient mill and dam!
Site of an old deserted white settlement!
Not a human habitation visible now!
Almost unknown to present generation!
Neither remote nor isolated, however!
Part of a modern city, in fact!
The Valley of Enchantment!
Where is it?

Ah! We tumble to friend Wilcomb's conundrum valentine! The foregoing is a true pen picture of our old New Hampshire hunting and fishing ground, near the places where both of us were born—between The Weirs and Meredith Center! Except that the old lakes have become meadows, on account of the broken dam! And ruthless woodmen have played sad havoc in the old forests!

By the way, why doesn't the city of Laconia wake up and appropriate the splendid Valley of Enchantment for public park purposes? People go thousands of miles to see less interesting places than may easily be seen here. Good roads already surround it on three sides. Beautiful Lake Paugus bounds it on the other side. First rebuild the old stone dam and make the chain of former lakes permanent. Then make the entire region a bird and animal sanctuary, free also to nature-loving persons who like to see but not injure harmless wild creatues. The city can do it, because it is all within city limits.

You Laconians who don't know how to get there best: Drive up the Meredith Parade road and turn to the right on the present Roller Coaster road. Stop at the bottom of the hill and you are right at the entrance of the Valley of Enchantment, which extends down to South (or Pickerel) Cove, inlet of Lake Paugus.

Bob Seavey of St. Petersburg, Fla., sends an oversized ivory crochet hook. It looks like it. It is an appliance for peeling oranges. How to use it isn't fully understood.

Old Bill says: "Pretty good man that can file the saw and put ambition into the boy at the same time. I saw where Mayor Jimmy Walker says he has abstained from alcoholic drink since last September. Well, it seems to me that the presiding officer elected to uphold the laws of the commonwealth should have done just that thing when the 18th amendment became a law."

Don C. Seitz: "It looks as if the democrats are going to nominate Al. Smith and get the smash-up of their lives. They are afraid, if they do not name him, of Catholic retaliation—are in the fix the Whigs got into with slavery. Too bad. Smith is an able man of the Coolidge caliber. But the feeling against the church is deep-rooted. The Methodist-Christian Advocate is showing a fine pair of teeth already. It is not a question of religious tolerance at all, but an unwillingness to give a great organization like the Catholic Church a foothold in the White House. So far our presidents have been 8 Episcopal, 6 Presbyterian, 4 Methodist, 4 Unitarian, 2 Dutch Reform, one each of Congregationalist, Disciple, Baptist, and 2 not church men—Lincoln and Jefferson. There are about 100 sects all told, to select from.

Heard at the Wearier: "Some women were lately talking in my presense of a man and his wife. 'He doesn't in the least understand her,' they said. I do not know this man and wife, but when women talk like that about a man and his wife, I know they are in a row."

W. F. Lance of the Meredith (N. H.) News expresses our mind in the following comment: "Editor F. W. Sanborn of Norway, Maine, writes that he is taking lots of town reports this year, but the Laconia News and Critic doesn't bother with 'em. Editor Weeks says:

"Town reports do not bother us on account of low prices at which printers are willing to take them."

We feel a little different and tackle about eveything that comes along from the humble calling card to the 200-page book, figuring that betwixt and between we can meet the weekly payroll, the coal bill, the electric light and power bills, taxes and other overhead expenses, and have a little left to buy a gallon of gas for the 'bus when the roads are good. Besides, being very basy all the time keeps us out of mischief, maybe.

The above is our fix exactly. Send in your report copy but don't send until you have arranged with us to print it.

If you sell cob pipes for a nickle and get a profit of two cents a pipe would you if asked sell six pipes for a quarter?

The solution of the above means success or failure.

What would you do?
We will print your reply.
What is it?

Walter L. Sanborn, editor and controlling owner of the No. Penn. Reporter of Lansdale, Pa., has been elected as Vice President of the Pennsylvania Press Association.

One of the extremely tired Wearies remarks that clocks are a good deal like human beings—at least his wife says they are— like some pretended humans she knows of. She has an old clock (as well as an old husband) that has refused to run for some time. So she acquired a new one (clock, not husband), and gave the old one (clock, not husband) to understand that she had no use for it. "There, you lazy good-for-nothing old thing," she said to it, "I've got a new clock now that'll run, an' you're going into the junk heap; that's what!" Then she chucked it into the rubbish can. A little later she heard it ticking vigorously, evidently pleading to be taken back. Heeding the appeal, she placed the old clock on the shelf again and it has been running good ever since. Now her tired "old man" is wondering if he is not liable to be treated the same way some day.

Norway High School

Friday morning assembly, Feb. 3, was in charge of Miss Knudson of the Faculty and Maurice Flint of the Student Council. They secured the grammar school orchestra, and a very fine program was given. Among the numbers played were the "Arion Schottische" and the "Little Queen Waltz."

On Saturday evening, Feb. 11, the Norway Boys' Basketball Team will play Mexico High Boys' team. The game is called at 7:30, in the gym. Mexico always has a fast team, and an exciting game is promised all who come.

Saturday afternoon, Feb. 11, Norway Girls go to Lewiston to play Jordan High. When Jordan played here, Norway won by a close score. Several people have said that they are planning to go to Lewiston to see this game. The girls will appreciate this support and in return they will show the excellent sportsmanship which has characterized the team during the entire season.

Rank reports for the first five weeks of the winter term were given to the students on Wednesday, February 8.

Mr. Lord, K. Aldrich '29, V. Ashton '28, K. Goodwin '28, Donald Green '30 and Yates '31, attended the Winter Carnival at Augusta last Friday and Saturday. The team tied with Bangor High School for second place in the carnival. They reported that this was the finest carnival ever held.

The high school took a prominent part in the Women's Club musical program this week. The orchestra played several selections, Miss Flanders played a group of violin solos with Miss Reed as accompanist and Miss Reed also accompanied Mrs. Carritt, soprano soloist, of Oxford.

A Norway High School Commercial Club has been organized this week, with the following officers:

Pres.—Doris Ledger, '28.
V. Pres.—Clara Adkins, '29.
Treasurer—Helen Ahonen, '30.
Secretary—Marion Thomas, '31.
Chairman Program Com.—Evelyn Saleeby, '28.
Chairman Social Com.—Melverda Robbins, '28.
Chairman Membership Com.—Roland Annis, '28.
Chairman Educational Com.—Martha Smith, '28.

This club is under the direction of Mrs. Klain and Miss Shaw, and its purpose is chiefly to promote interest and enthusiasm along commercial lines.

NORWAY NURSING SERVICE

To the Advertiser:—As an interested reader of the Advertiser, and also an interested citizen of the town, hoping for the better things in the way of sane progression, I have made a few investigations concerning the Community Nurse question. Of course the idea is a new one to Norway, but an important one, and when the question has been asked "if we can afford a Community Nurse," I have wondered if we can afford not to have one. In the recent epidemic of measles, through the work of the Health officer and the Community Nurse, the local schools were able to keep open every day. In many places they were obliged to close.

It might be well to explain, as there has seemed to be some question and misunderstanding, that the Community nurse went to no families where there were measles or mumps, only as she was sent by the health officer. By keeping in touch with the children afflicted, there was less spread of the disease.

Does the general public understand that the Nurse stands ready to go to any and all homes where she is needed? If people are able to pay for the call, it is 75 cents, but if not able, she goes just the same. There have been many places in the past few weeks, when an hour in a home where there was sickness among the parents and children, that the nurse proved a blessing.

A word regarding the fee paid for calls. Let it be understood that the fees paid, go to the nursing service to help carry along the work, and not to the nurse's salary, as has been told. We all know that we cannot have cement roads to enjoy and other comforts without paying for them by taxation. Comparatively speaking, the expense of a Community Nurse is very little, not more than two dollars for each taxpayer, if $2,000 is raised for this purpose. If less is raised the tax will be less. Cooperation is all that is needed to make the nursing service a great success, for the nurse cannot do everything alone.

—A CITIZEN.

Lindsay Morse is cutting wood for William Ripley of South Paris. While he is away his family is living with his sister, Mrs. Fred Swan, Tucker St.

Mumps, measles and flu are here, regardless of Public Health Publicity printed in this paper, so are dirty hands and under nourished babies.

The Browning Reading Club will have a social evening at the home of Mrs. Martha Lyseth, Monday evening, February 13. Supper at 6:30 will precede the social.

Improvements at Court House

Oxford County Court House Redecorated

Interior decorations at the Oxford County court house, South Paris, will be completed this week. Harry Cochran of Monmouth and his assistants have worked hard the past month to finish the job before the opening of court, next week. Their work has included the main corridor and grand jury room on the first floor, the entire court room, the law library, and rooms used by the judges, the lawyers and the jurors on the second floor.

Decorations of the court room are most elaborate and show to the best advantage. The walls are done in rich brownish gray tints and the ceiling in cream with panels bordered with white. Festoons are shaded in relief effects in the dome and a dainty scroll design is conspicuous. A dainty floral border in neutral tones around the room near the ceiling carries eighteen scrolls, upon each is inscribed the name of a past or present justice of the Supreme Judicial Court. Among them are Justices Morrill, Philbrook, Bassett, Deasey, Walton, Virgin, Cornish, Wilson, Foster, Dunn, Barnes, Sturgis, Pattangall, Spear, Bird, Savage, Whitehouse, and Hanson. Nichols of Portland, the celebrated fresco painter, devoted considerable time to the artistic effects in the dome and along the border, using free hand work in conjunction with stencils.

Mr. Cochran is working on a canvas in oils to be placed above the chair of the presiding justice. The canvas will be cemented to the wall and enclosed within an appropriate border.

The observer more interested in mechanics, than in color tones and shades, the method of building a strong scaffold for work attracted no little attention. No nails or screws were used in the construction of the frame some thirty feet in height. The safety of the workmen depended wholly on specially made clamps that held the joists and braces fast. This method of construction saves time and lumber besides doing away with mussing up everything. On one job not long ago, a similar staging was built more than fifty feet in the air, without a slip.

All the wood work in the rooms treated has been painted and the gallery floor has not escaped the general cleaning up process. New furniture is to take the place of the theatre seats and much of the furnishings brought from the old court house on Paris Hill will find a resting place elsewhere.

A TALE OF A GROUND HOG

His little black eyes peered cautiously out
For a look at the bright, bright sky.
He shivered a bit, as he looked about,
Then sighed, Oh me! Oh my!

As he gazed at the sky of such beautiful blue,
He gave a terrible sneeze,
And remarked, "I think I am catching the flu,
And I'm chilled by this brisk north breeze."

Then he said, with a shake of his little brown head,
"I didn't get up until noon,
But I think I'll go back to my cozy, warm bed,
Perhaps I shall sleep until June."

WATERFORD

One of the events which takes place in our little village and which is always looked forward to with a great deal of pleasure, is the installation of Keoka Chapter, O. E. S. This was held on Friday. At noon, a bountiful dinner was served to members and their families and several invited guests, after which came the ceremony of installing the officers, the work being done by Mrs. Blanche Tyler.

E. L. Stone kindly volunteered to run a "bus" between Waterford and South Waterford on Friday, thus furnishing a stallation, who might otherwise have had to remain at home unless they were able to walk.

Mrs. F. B. Rounds has been a "shut-in" for a few days, on account of a severe cold, and has been unable to attend to her work in the postoffice and store.

L. E. Rounds went to Portland with Ralph Knight, on Saturday, where they attended the automobile show.

Mr. and Mrs. Willis Littlehale and Mrs. Harry Allen and two children of Harrison were in town on Friday to attend the Eastern Star installation.

The School of Religious Instruction was held at the Community House on Wednesday evening and was very interesting and instructive. The attendance was not quite as large as usual, owing to illness and cold weather. A light lunch was served at intermission, after which lantern slides of views in different parts of Maine were shown.

Miss Lenora Edgecomb has been spending a few days in Harrison and Bridgton.

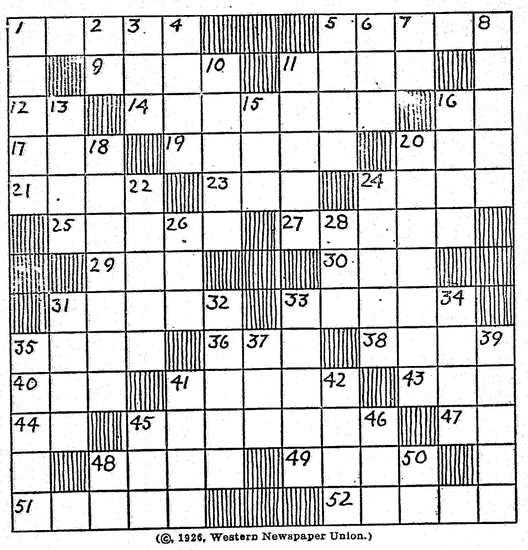

We have prompt and efficient delivery service in winter, by Junior Rounds and his faithful dog, "Barrie," who is well broken to harness, and who carries many an order of groceries to the inhabitants of the village. The dog teams are an interesting sight and the dogs enjoy the sport as well as their masters.

Alma Bancroft is working at Dr. R. E. Hubbard's.

On Friday afternoon, Celia Gardner invited the members of the school to assist her in celebrating her thirteenth birthday and a merry party of thirteen, including the young hostess and her sister and brother, gathered at Celia's home. A few indoor games were played, but the bright sun and the excellent sliding were too tempting, so most of the afternoon was spent in out of door sports. Christine Gardner assisted her mother in serving delicious refreshments, consisting of sandwiches, punch, cake, ice cream, fudge and a beautiful birthday cake. All voted it a most delightful party.

Dr. and Mrs. Hubbard accompanied Mrs. Lyde Johnson and her cousin, Olive Little, to Portland, on Saturday. On Monday, they took Will Jordan to the C. M. G. Hospital at Lewiston.

OTISFIELD

Reuben Kimball is hauling wood for the Spurr's Corner School.

Monday, last week, was a day of mishaps at the steam mill, as Ed Davis dropped a timber on his foot, crushing a toe, and George Hoyt got a leg jammed while rolling on logs, behind the saw.

Eugene Edwards and Joseph Stebbins have been harvesting ice.

Tractors, trucks, touring cars, sleighs, and wagons are forming our winter traffic on the roads.

Mrs. Susan Foster is not as well as usual, and is under a doctor's care.

Several persons from this place attended the wedding reception of Mr. and Mrs. Eastman Bean, Saturday evening, at East Otisfield.

Mrs. Jason Little spent the afternoon one day last week with Mrs. Ernest Greenleaf, at East Otisfield.

Friday was observed as parents' day in the Spurr's Corner School. There were a good number of visitors present and a fine program was enjoyed.

Mrs. Orrin Lord was taken suddenly ill with appendicitis and carried to the Lewiston Hospital, Friday night. We understand she is getting along well.

HUNT'S CORNER AND VICINITY

The spirit of Christmas love and good will was renewed Saturday evening, Feb. 4, at the Congregational Church when Rev. Hilda Ives of Portland had her Xmas tree for the children of Albany. She was unable to come in December, but one had only to look and listen to the happy children to know that it made no difference if it were February instead of the real Xmas season. The usual Circle supper was held in the vestry and following that the tree in the church. Mr. Bull gave a short talk in his interesting manner. He made all feel that the spirit of Xmas, which is love, can always be in our hearts whatever the season. There were selections by the choir, a solo by Mr. Bull and then Mrs. Ives gave a short talk to the children on love and unselfishness, then disturbed the gifts. After prayer, an hour of singing and sociability followed. Mrs. Ives held morning service at 11 a. m., Sunday morning and left a message with her hearers that will long be remembered.

Tired and Achy Mornings?

Too Often This Warns of Sluggish Kidneys.

DOES morning find you stiff, achy—"all worn out?" Do you feel tired and drowsy—suffer nagging backache, headache and dizzy spells? Are the kidney secretions scanty and burning in passage? Too often this indicates sluggish kidneys and shouldn't be neglected.

Doan's Pills, a stimulant diuretic, increase the secretion of the kidneys and thus aid in the elimination of waste impurities. Users everywhere endorse *Doan's*. *Ask your neighbor!*

September 26, 1927.

Dear Mr. Buxton:—
Your Rheumatic Specific cured me of Rheumatism of about twenty years' standing. I feel that after suffering so many years that if a man of my age, sixty-one, can be free from Rheumatism, and in good physical condition, that every sufferer should know of Buxton's Rheumatic Specific. I am very glad to give you this testimonial.
Gratefully yours,

Sunday School Lesson

(By REV. P. B. FITZWATER, D.D., Dean Moody Bible Institute of Chicago.)
(©, 1928, Western Newspaper Union.)

Lesson for February 12

JESUS PICTURES THE KINGDOM OF GOD

LESSON TEXT—Mark 1:14,15; 4:1-34.

GOLDEN TEXT—Thy kingdom come, thy will be done on earth as it is in heaven.

PRIMARY TOPIC—How God's Kingdom Grows.

JUNIOR TOPIC—How God's Kingdom Grows.

INTERMEDIATE AND SENIOR TOPIC—How the Kingdom Grows.

YOUNG PEOPLE AND ADULT TOPIC—The Growing Kingdom of God

I. Jesus Preaching the Gospel of the Kingdom of God (Mark 1:14, 15).

1. The time.

After the voice of John the Baptist was stilled because of his imprisonment, Jesus took up the message

2. What He preached.

It was the gospel of the kingdom of God. Since "gospel" means "good news," the good news which He preached was that Christ had come to establish His kingdom.

3. How He preached.

He said, 'Repent, for the kingdom is at hand.' The King was then ready to set up His kingdom if the Jews would receive Him.

II. Jesus Pictures Four Classes of Hearers (Mark 4:1-20).

1. The place—the seaside—(v. 1).

He was obliged to enter a boat to escape the pressure of the crowd.

2. Why He taught in parables (vv. 9-12).

It was not until the rulers had set their hearts against Him that He employed the parabolic method.

3. The parable of the four kinds of ground (vv. 3-8;13-20).

Observe that the seed and the sower are the same in all these instances, but the results are entirely different, determined by the condition of the soil.

(1) The Wayside (vv. 14, 15).

The wayside means the track beaten by the hoofs of animals and the feet of men. Because the soil was unbroken and uncultivated the seed could not get beneath the surface, therefore was devoured by fowls, which represent the agents of Satan (v. 15).

(2) The stony ground (vv. 5, 6, 16, 17).

Stony ground means stones with a thin layer of soil upon them. Under such conditions the seed springs up quickly and is soon scorched because it has not much depth.

(3) The thorny ground (vv. 7, 18, 19).

In this case the ground is good, but has thorns in it. It is mellow and has depth, but has not been cleaned of the thorns. The thorny ground hearers of this age are: (a) Those who are so immersed in worldliness, business and anxious care that the good seed cannot mature; (b) those who are rich. The effect of riches is often to blind the spiritual perceptions; (c) those who are running after the pleasures of life. All these things choke the Word.

4. The good ground (vv. 8, 20).

This ground differs from all the rest. It is soft and mellow, deep and moist, therefore is capable of bringing forth fruit in varying degrees of abundance.

III. Jesus Pictures the Growth of the Kingdom (Mark 4:21-34).

1. The parable of the candle (vv. 21-25).

The bushel stands for the cares and material things of life, and the bed for ease and comfort.

2. The parable of the growing grain (vv. 26-29).

(1) The attitude of mind of the gospel preacher (vv. 26, 27).

He should with the utmost fidelity cast seed into the ground, preach the Word, and leave results to God.

(2) The processes of the spiritual life are gradual (v. 28). It is "first the blade, then the ear, after that the full corn in the ear."

(3) The consummation of the spiritual process (v. 29).

Despite the difficulty under which sowing is done, we can be assured of a harvest time.

3.—The parable of the mustard seed (vv. 30-34).

(1) The unimportant beginning (v. 31).

(2) Its vigorous growth (v. 32).

The greatest power on earth today is that which had its inception in the preaching of the gospel.

(3) Its lodging capacity (v. 32).

The birds which lodge in the branches represent the children of the evil one who find protection and food in that which was inaugurated by Jesus Christ.

Worship God

First worship God. He that forgets to pray bids not himself good-morrow or good-day.—T. Randolph.

Serving God

God is better served in resisting a temptation to evil than in many formal prayers.—William Penn.

The Soul

Oh how much greater is the soul of one man than the vicissitudes of the whole globe!—Bulwer-Lytton.

SWEDEN

Business Good in Town—Jim Plummer Injured Knee—Cooks for Nine in Family.

Business seems to be good in town, just now. The mills are running pretty good. The roads are good, autos run about the same as in summer, when the roller goes.

Nearly everybody has a bad cold that is going the rounds.

John Hamblen and Marcellus Durgin of Bridgton called on E. S. Plummer and family one day last week.

Jim Plummer cut his knee while working in the woods but it is nearly all healed now.

Henry Rosenbloom makes his regular trips through town calling at the mills to keep them supplied with clothing. Donald Palmer comes along every Wednesday with groceries. H. E. Burnham comes along with the gasoline and kerosene, so why ain't we all right?

E. S. Plummer, wife and little grandson, Ethelbert Plummer, spent the day recently with Wendel Plummer and family at the Bang's place.

Mrs. Wendel Plummer has nine in the family to cook for.

Getting Up Nights
Relieved for W. H. Dunham at 86. A Healthy Bladder Works Daytime Only
W. H. Dunham, Brownfield, Me., says: "I have suffered with bladder trouble 25 years, being obliged to get up 4 or 5 times nightly. Keller's Lithiated Buchu has relieved that terrible irritation and desire. Wish I had found it years ago. Will talk or write to anyone."
Lithiated Buchu acts on the bladder as epsom salts do on the bowels. Drives out foreign deposits and lessens excessive acidity. This relieves the irritation that causes "Getting up nights." The tablets cost 2c each at all drug stores. Keller Laboratory, Mechanicsburg, Ohio, or locally at L. V. Ashton's, druggist.

Double Action Medicine Stops Stubborn Coughs
Here is a real medicine long the standard of doctors for coughs and colds. You can count on it to stop the toughest of old die-hard coughs. It's used in the most persistent cases when coughs must be stopped and stopped quick.
It is called Adamson's Balsam. Acts in two ways to end the cough and if it doesn't you can have your money back.
First it breaks up the phlegm, soothes the inflamed membrane and gives the throat muscles a chance to expel the phlegm. That stops your racking cough, and like a healing poultice it takes the soreness out of the delicate throat lining.
Other elements not found in ordinary sweet, sugary syrups go into the system through the blood and attack the germs right at the seat of trouble and in a day or two every trace of danger is gone.
Adamson's Balsam contains no dope, dangerous drugs or chloroform. It's wonderful for children. It certainly stops coughs—Easy ones in a dose or two—Hard ones in a day or two. Two sizes, 35c and 75c.

NORTH FRYEBURG

Those receiving 100 per cent in spelling for the week ending February 3 were:
Grade Eight: Lawrence Binford and Everett Forest.
Grade Seven: Violet Hutchins and Owen Hall.
Grade Five: Leona Libby.
Grade Four: Pearl Bemis.

The dinner given at the Stevens Library under the auspices of the Willing Workers on Wednesday, last week, was well attended.

B. C. Webb and H. L. Hutchins were visitors in Portland one day last week.

Misses Eva Chandler and Helen Quincy are visiting Mrs. Erlon Jones at Chatham Center.

Mrs. Florence Shaw was a dinner guest of Mrs. Lelia Chandler, last week.

The supper and dance given under the auspices of the Ladies' Social Circle, for the benefit of the Cemetery Fund, at Red Men's Hall, was well attended.

SWEDEN

Town meeting is most here; we hope everyone will be on hand.

Mrs. Charles Saunders is suffering from rheumatism.

Fishing seems to be the sport just now.

The mill at the South part of the town has finished sawing one lot and will start on the Green Hill lot.

E. S. Plummer had a birthday party, February 2nd.

Master Stanley Hamlin, Waterford, is visiting his grandparents, Mr. and Mrs. W. D. Moulton.

Cranberry sauce and jelly may be used with a meat dish, and cranberries are available the greater part of the winter.

EAST FRYEBURG

The roads are a glare ice, many automoiles are getting hung up on the hills. A good snow storm would help out.

The Grange held an interesting meeting, Friday evening, with fair attendance. A lot of necessary business was turned off and a good program enjoyed. There was a big supply of corn balls on hand.

F. M. Sanborn has so far recovered from his carbuncle that he is now with his son, Millard, at Mountain View Farm and is able to assist with the chores.

E. B. Warren is reported as much better.

STATE OF MAINE

PUBLIC NOTICE

In conformity with the provisions of Chapter 219, P. L., 1917, as amended, and deeming it for the best interests of the State, the Commissioner of Inland Fisheries and Game hereby promulgates the following rules and regulations relating to fishing in that portion of Dead Cambridge River, from C. Pond, to the mouth of said River, in the town of Upton, and in Township C. Surplus, in the county of Oxford.

RULES AND REGULATIONS

Section 1. For a period of four years from the 1st day of February, A. D. 1928, it shall be unlawful for any person to fish for, take, catch or kill more than five fish in any one day in that part of Dead Cambridge River from C. Pond to the mouth of said River, in the town of Upton, and in Township C. Surplus, in the county of Oxford, or more than five pounds of fish in any one day in that portion of said River, unless the last fish taken shall increase said combined weight to more than five pounds.

Section 2. It shall also be unlawful for any person to have in possession at any time any fish taken in violation of any provision of these rules and regulations.

Dated at Augusta, Maine, this 23rd day of January, A. D., 1928.

The Norway and Paris Branch
of
The Merchants' Credit Association

This is a clearing house for credit information showing how a person has paid his bills in the past. We have the ratings of 8,000 people of these towns and surrounding trade territory listed in our files.

How Are You Rated?

You don't need to ask us, for no one knows as well as you do, how you pay your bills. If your record is "bad" why not start the New Year by making it "good" and if it is "good", unless you have an unusual run of hard luck, we can bank on your keeping it "good."

If something happens, as we all know, that a man or woman will make a promise to pay but, through illness or misfortune, cannot keep that promise. Under such circumstances if an honest explanation is made to the merchant, it is safe to say that in every case an extension of time would be granted and your credit standing saved.

Is Your Credit Rating of Value?

Most certainly, for the merchants, professional and business men throughout this co-operative organization

Know Your Credit.

You can never tell when an emergency may arise, and you may need to use it to the limit. So you see, you hurt no one so much as you hurt YOURSELF when you fail to keep it good. 5-6

STUDEBAKER
The Great Independent

Behind every Studebaker and Erskine car are $105,000,000. In actual net assets and great modern research and engineering facilities.

Behind Studebaker Performance Records
—engineering genius!

As a result of the engineering genius in Studebaker motor cars, Studebaker now holds all the highest endurance and speed records for fully equipped stock cars, regardless of power or price. Nothing ever ran so far so fast as the Studebaker Commander—25,000 miles in less than 23,000 minutes!

Additional proof of advanced engineering is found in the fact that Studebaker and Erskine cars may be driven *40-miles-per-hour the day they are delivered.* No more tedious "breaking-in" at 20-mile speed. And Studebaker engineers have provided such an ingenious lubricating system that you need change oil but once every 2500 miles.

Studebaker provides its engineering and research staff with the most complete facilities that money can buy. In Studebaker's laboratories, technicians test all raw materials. Over the roads and grades of Studebaker's million-dollar Proving Ground, Studebaker and Erskine models are driven in extended tests of speed and mechanical endurance.

Because Studebaker builds bodies, engines and chassis for Studebaker cars, profits of outside manufacturers are reduced to a minimum. These savings are passed on to you in the form of higher quality materials and the highest type of precision workmanship—at a low One-Profit price.

See the new Studebakers. They will reveal the most advanced engineering of 1928 combined with Studebaker's 76-year-old traditions of quality.

Heard and Seen at Advertiser Office

We recently received a letter from a resident of Oxford County who explained emphatically that there was one party who wanted the Norway Advertiser each week. Part of the letter follows: "Don't let —'s paper run out. It goes out sometime in February but they don't want to miss a paper. — had rather have the Advertiser than to have an interest in heaven. — can't get out around or use hand at all, gets so blue and nervous, is almost wild (and so are the rest of the folks). I will send 50c next week for the paper.

H. P. Frost is raising hens which lay big eggs. Saturday one of his customers told us among the eggs he delivered that morning was one that measured 6 1-2x8.

Real hockey for Norway is the plan now with a speed demonstration to be given by the regulars of Hebron Academy and Bridgton Academy. The community rink 100x170 feet of playing surface will be used, tentative date is Feb. 22. Prin. Geo. Lord, in charge of sporting affairs connected with the Norway Athletic and Play Ground Association is completing arrangements for a meeting of the rival schools on the holiday, when it is expected a large crowd will gather around the banks for keen sport said to be of the hard boiled variety.

Stanley Witham of Gray was in, Friday. Said he saw his number plate in our window so thought he'd come in and claim it. Some weeks ago he was in this vicinity after poultry and his car skidded on the ice on the road to Norway Lake and the truck tipped over. No damage was done more than the loss of the number plate. He was hoping for even better luck this trip.

The Dennis Pike Real Estate Agency want residences and farms in Norway, Paris and Oxford, to sell. Customers are waiting and an Intelligence ad. has something of interest to anyone in the above mentioned towns wishing to close out their property. Better read that column now.

The Sporting Editor is indebted to Roger Hutchins of Brooklyn, N. Y., for the Metropolitan Guide, and numerous papers and clippings relative to baseball, boxing, Mayor "Bossy" Gillis visits, besides matter along the White Way. Occasionally aclipping gets through bearing directly on the half-of-one per cent question that interests many in the metropolis. Cs stay-homes can read the guide and dream; the fights and baseball stuff is something more tangible while the "near beer" question is not causing loss of sleep up here in the cider apple belt.

We have added to our museum this week a white, home knit mitten, boy's size and a lady's black felt hat. The mitten was found on Main Street by Ernestine Hutchins and the hat was found by Clarence Tucker of Norway Lake, on Pumping Station Hill, early Sunday evening.

We received a letter from Dr. J. M. Mansir, dentist of South Paris, when he sent copy to change his ad, which says: "I don't know the circulation of your paper, but I am beginning to see that it covers some territory.

"The results I am getting from my ads are very satisfactory. I also enjoy reading your paper.

"You know, I like to have people tell me of good work, so I am passing the "thrill" along."

Thomas Crowell of St. Albans, Vt., is assisting in the office during the town report season and is boarding at Miss Anna M. Stone's and rooming at Mrs. Jack's. He is a linotype operator.

SURPRISE BIRTHDAY PARTY

Judge C. F. Whitman was greatly surprised and delighted, Monday afternoon, to receive calls from some of his best and dearest friends. The occasion was the 80th anniversary of his birthday. But only once before had his birthday been especially observed and that was eight years ago, when he had returned from the Maine General Hospital, where he underwent a serious operation. Many then had not expected that he would come home alive. The fact that Mr. Whitman had recently recovered his eyesight by two operations at the Maine Eye and Ear Infirmary, added especial interest to the occasion.

The guests were Rev. and Mrs. Pliny A. Allen, Mrs. Izah T. Sanborn, Mr. and Mrs. Fred H. Cummings, Miss Gertrude Gardner, Mrs. Estelle A. Bell, Miss Helen S. Swan and Mrs. Annie Sessions. All were most warmly greeted by Mr. and Mrs. Whitman and Jay, who did the honors of the occasion to everyone's satisfaction. She served the refreshments of sherbet, cake, etc., and rendered several selections from the Victor and other records on the Victrola. All were much pleased with the yodel selection, "Sleep Baby Sleep" and "Honolulu Bay." "God Be With You Till We Meet Again" was the closing selection.

On rising in the morning, Mr. Whitman found the stars and stripes displayed, and he therefore hung out another flag in honor of Rev. N. R. Pearson, who had been such a good friend to him in his sickness, while pastor of the Methodist Church Society here, and whose birthday was also on the 6th day of February.

Mr. Whitman seems to be the only one in Norway who observes the birthdays of the members of his family, close friends and notable persons and events. It is a very beautiful custom.

NORTH BRIDGTON

Social at Church Vestry

The social committee of Christian Endeaver, with Mrs. Florence V. Holden, as chairman, gave a social at the church vestry last Saturday evening, Feb. 4th, at 7.30. Many different kinds of games, especially marching games, were participated in. Song books were distributed around and, for a while, all sang heartily the old songs. The young members of Christian Endeavor kindly consented to furnish the music. They were Clifford G. Holden, accordion, Francis Johnson, drums and Ruth L. Johnson, piano. The music was very nice. The Academy students were all cordially invited and a large number of them were present. "Red" Rooney of B. A. favored the audience with vocal solos and clog dancing. There were vocal duets by Mr. Rooney and Walter Clifford with Eddie Horne at the piano.

A variety of refreshments were served with hot coffee. A large crowd was present. and every one seemed to have a very nice time.

Mrs. Florence Holden, chairman of the social committee, is planning to have another social in March and hopes to have a still larger attendance next time.

NORTHEAST LOVELL

Our People Enjoying Skiing Club In Preference to Hiking.

Lovell Village can tell of its Hiking Club, but Northeast Lovell, with its scattered population, is not without a Club. Hiking does not appeal to our people, we have an easy way to travel over our snow covered country roads. Think of having to walk up and down every hill. Skiing appeals to us as a more attractive sport; it seems much easier to slide our feet and besides, we can slide down every hill. Men and women, young and old, with the children, join in this delightful sport.

Callers at George Eastman's the past week are Mr. and Mrs. Rodolph McAlister, Clinton and Stanley Milliken.

NORTH HARTFORD

Surprise Party

A surprise party was given in honor of the birthday of Elroy Russell on Monday evening at the Grange Hall. It was attended by nearly 100 guests who met to show their appreciation of his 22 years of faithful service as rural mail carrier. Mr. Russell reached the age of retirement two years ago, but the limit was extended and now, at the age of 67, he is through. An entertainment of music and poems was held, W. H. Eastman, former postmaster, reading an original poem, "Our Mail Man," the manuscript of which was presented to Mr. Russell.

Our Mail Man

Who faithful courier without fail
In sunshine, shadow, rain or hail,
Brings to our door the daily mail,
The mail man.
Letters and papers by the score,
Pieces of parcel post galore,
Who drops them at our door?
The mail man.
Though roads are covered deep with snow
And winter icy breezes blow,
Who faithful still is on the go?
The mail man.
Through April's muddy, miry street,
In sweltering July heat,
Who steadily on his beat?
The mail man.
Who to our errands well attends,
Who often kind assistance lends,
And makes his patrons all his friends?
Our mail man.
Who never grumbles, kicks or knocks,
Though well he might be grumbly,
About the pennies in the box?
Our mail man.
Who tireless, without thought or fears,
Has kept the pace, it now appears,
For lo! These one and twenty years?
Our mail man.
Who now to our sincere regret,
His arduous task resigns? And yet
Whose service shall we ne'er forget?
Our mail man.
To whom tonight as friend to friend
Do we the hearty hand extend?
And wish him blessings without end?
Our mail man.
For him, in sooth do we implore,
The richest gifts God has in store
Forevermore, Forevermore,
Mr. Russell, our mail man.

The Lady Hikers of Lovell

Showing They Have Some Strange Ideas But Get There All the Same

"The Jocund One", is pleased to see that the Ladies' Hiking Club of Lovell is not only full of pep, but wit as well. "More Wit and less Work" is our own motto. Nevertheless it saddens us to find that the club's champion was a little impulsive in some of her utterances recently. Take for instance the matter of oaths about the golf course. Tut, tut, surely she exaggerated here. The sounds that rebound from the surrounding hills may sound suspicious but you should never believe but half you hear. I am frank to admit that I have witnessed many sad sights on the course, but the atmosphere has ever seemed sweet and clean. I well remember one elderly gentleman taking three swipes at the ball without disturbing it in the least, though the surrounding air was filled with flying sod, and he seemed quite disturbed over the matter, and though he said a great many things most of which sounded like a foreign language to me, he did not swear. And why should anyone swear while playing golf? When a brand new ball, that cost seventy-five cents, rises gracefully in the air only to sink in the distance in a pond, it fills a man with a feeling of exhilaration. When he gets to the green in two strokes and takes nineteen to get in the hole he wonders why he didn't take up croquet. I don't see for the life of me why he should want to swear. No, no, these echoes from the surrounding hills are very misleading.

As to the respectable citizens who stood gaping and failed to tip their hats at the sight of the tramping ladies, what man can tip his hat when winter fashions are what they are? Some of the hats worn around here must stay on all winter, night and day. You might as well expect a man to wave his scalp as his hat these days. Anyway, tipping the hat, since the emancipation of woman (though I have yet to read of the time in history when man wasn't the underdog) is merely a gesture. Respect for glorious womankind is shown by something more sound than uncovering a bald pate to the rigors of winter.

But most of all, I must take issue with the advice that more men should leave their stoves and fireplaces to venture forth into the fresh air. Fresh air, indeed! For several winters I have hunted all over the house trying to find a spot where there was something besides fresh air. If I ever find a square yard of nice warm stale air, I will nail it to the floor and move in. Fresh air is full of mean tricks and the fresher it is, the meaner it gets. Even the almanacs will tell you that every town in the United States has a mean temperature, and you can take it from me, that wherever there is a mean temperature, there is fresh air and a lot of it. No, indeed, don't think you have to leave the house to get fresh air around these parts.

However, as I have said before, we are all delighted with the pep and vitality of these ladies. (And right here I wish to bemoan the fate of the fellow who coined the phrase "Clumsy Club". He'll find that that will be a boomerang that will wrap itself around his neck more than once.) More and more they will be a source of inspiration to the community, even if a few of us do burst a chrysalis or two, and just the other day they performed a good deed. In solid formation they started down the road to the Town Meeting. Now it so happens that the official groundhog for this section of the country lives just off the main road near Alder Brook. That morning he had studied his calendar and found it was the day for him to come out and see his shadow, and if there is anything that Pa groundhog likes to see, it is his shadow, for it means a few more weeks of sleep for him. So he crept blinkin' out of his hole. But he only got half way out. There was a queer rumble in the air and looking down the road he saw the girls coming. Tramp, tramp, tramp the girls were marching. Pa groundhog gave one blink and dove back into his hole too scared ever to come out again. He never got a chance to see his shadow. Winter will be short and sweet and all because the Ladies' Hiking Club came around the corner just in the nick of time. Who says we don't love 'em?

BATES—WEST PARIS

Mrs. Orpha M. Ring died Friday, Feb. 3, at the home of her daughter, Mrs. Willard Farr, from pneumonia. She was the daughter of Mr. and Mrs. Henry Herrick of Greenwood and was born May, 1853. Of a large family of fifteen children, of which she belonged, only one remains, Edgar Herrick, who lives in the home with his son, Randall Herrick, of this village. Mrs. Ring was the widow of Orin Ring, a civil war veteran. Four children survive her, J. Osborne, Edith, wife of Willard Farr; Walter S., all of West Paris, and John of Greenwood. There are twelve grandchildren and four great grandchildren, besides many nieces and nephews. Mrs. Ring was of the retiring nature, fond of her home, industrious and a kind neighbor. She will be greatly missed in the home. The funeral was held Sunday at 2 p. m., at the Universalist Church, the pastor, Rev. Eleanor B. Forbes, officiating. There were many beautiful flowers.

Some new cases of the mumps: Moses Corbett, Raymond Dean, Earl Bane and Leslie Doughty.

Chicken pox, too, is well scattered about as several children have been taken with them at school. Among those having them are Eldith Lang, Helen Stevens, Pauline Young, Orin Cole, Zilpha Barrows, Ralph Abbott, Gertrude Mann, Ruth Whitman and others.

Annabel Snow, one of the teachers, is spending the school week recess in Bethel with her cousin, Miss Litchfield. Miss Snow is recovering from the chicken pox. She was quite sick with the disease.

The Trend of Spring

is shown in the new dresses and fabrics that are on display in our store now.

As the days get longer, you become interested in new Spring clothes, perhaps not ready to buy yet, but you surely will want to see what the new things will be like. We hope you will take time to come in and look around the next time you are out shopping.

NEW SPRING DRESSES priced only $10.00

These are made of the new printed silks, plain colored crepes and satins. The lighter shades are beautiful for spring—green, blues, tans, rose, red, as well as navy and black. Smart styles in size 13 juniors to 44 ladies'. Exceptional values at $10.00.

"SUCH SMART DRESSES at only $16.50"

This remark is often heard by customers when looking at our evening dresses. The EVENING DRESSES come in all the light evening shades, sleeveless style. Street or afternoon dresses of flat crepe and satin. Printed silks are the newest style note, but of course, the plain colors are always good. Sizes 16 up to 46 at $16.50.

NEW SCARFS

The triangle style in printed silks are very smart, to be worn over the shoulder of a sport frock, or to tuck inside your coat. Beautiful at $1.50 and $1.95.

NEW SILK PRINTS

The beautiful and striking colorings this season are so new that everyone will want one or more. All in dress patterns, no two alike. Priced $2.00 and $2.95 per yard.

GOTHAM GOLD STRIPE

"Silk Stockings that Wear." Introducing three new shades—Kasha, biege and dust—this season. All spring colors that will blend with your new wardrobe. The gold stitching stops all garter runs. Style 808, pure silk, service weight, full fashioned, 22 shades to choose from at $1.85.

NEW JEWELRY

A good assortment of the new novelty brooches and beads are here this week. All new styles, priced 50c and $1.00.

NORWAY VICINITY

Frederick Walters, who is working in East Otisfield this winter, was in town, Saturday.

Carroll Decoster, member of the faculty at Opportunity Farm, in New Gloucester, has been home a number of days.

Fred Barnes arrived home, Monday, from South Waterford, where he has been caring for William Jordan the past thirteen weeks.

Mrs. S. H. Ring of Oxford gave a dinner party, January 29th, in honor of the birthday of her brother, John F. Swain, of Norway.

The Daughters of Veterans will hold regular meeting, Friday evening, and a full rehearsal will be held in preparation for work. Every member is expected to be present.

Pennesseewassee Lodge K. of P. has accepted an invitation of Hamlin Lodge at South Paris, to work the rank of Page, Friday night, February 17. Supper will be served after the work.

A little warm rain, Sautrday afternoon and evening, followed by an old fashioned freeze, added something to the accumulation of ice on the roads and sidewalks. Sand was used freely, but many spots escaped the application and proved treacherous even for the sure footed and self sufficient.

Harry Rust Relief Corps will meet Tuesday evening, Feb. 14, in regular session, and after the business meeting, a Valentine Party will be held. Each member is asked to take a valentine or two, and these will be disposed of in a novel manner. The birthdays of Washington and McKinley will be observed with quotations or stories.

Heavy loads have been hauled over icy roads the past week. Spaulding Abbott with two yokes of oxen, has hauled nearly five cords of pulp wood to a load, and teamsters with a pair of horses have handled loads of three or four cords. Most of this wood is hustled into cars at the depot for Rumford paper mills. As many as thirteen cars have beeen sent out over the branch in one day.

NORWAY WOMAN'S CLUB

The Norway Woman's Club met Tuesday afternoon at Legion Hall with large attendance. Several matters of business came before the members at the business session. The matter of establishing a Scholarsrip fund, to assist boys and girls who would be unable to complete their high school course, was discussed.

Mrs. Fred S. Brown is to open her home Friday afternoon, Feb. 17, for a large card party and the committee in charge includes Mrs. Blanche Smith, Mrs. Annie Andrews, Mrs. Florence Bradbury, Mrs. Bessie Hill and Mrs. Clara Luck. Plans were also made for the next meeting, which will be the Children's Party. Members who do not have children of their own between the ages of 6 to 10 inclusive, or near that, will invite a child, preferably one who does not have the privilege of such gatherings, and adopt them for the afternoon. Mrs. Helen Denison and Mrs. Annie Andrews are the committee in charge and their assistants are Mrs. Esther Anderson and Mrs. Edith Easton. The business meeting will be held at 2:30 and the children's party at 3:15. Following the business, a musical program was enjoyed.

Selections were enjoyed by the high school orchestra, under the direction of Miss Ruth Flanders; violin selections by Miss Flanders; vocal solos by Mrs. E. H. Carritt, of Oxford; readings by Mrs. Esther Tower Anderson, and a solo dance by Miss Margaret Hill, who impersonated a Gypsy, in typical Gypsy costume, scarlet shirt, white blouse with black velvet Eaton and green Tam, all decorated with bangles. She is very graceful and was seen in this dance for the first time. The whole program was most enjoyable. A social hour followed and tea was served.

GOOD SHOWING FOR NORWAY AT CARNIVAL

Norway High School won third place with 21 points at the Maine Interscholastic Winter Sports Association meet held at Augusta, Friday and Saturday. Lee Academy, runner up for two years, and winner of the cup last season, gained a firm hold on the trophy by cleaning up first place with 32 points. One more winning and the cup will become the property of that Academy.

On Friday, Norway and Lee, with snow events featured, gained points over the field comprising Bangor High, Stephens of Rumford, Cony of Augusta, Goulds of Bethel and South Paris. Heikkinen of Paris was first in the 100 yard ski race and third in the two-mile ski race. Paris was fourth in the 400 yard medley ski and snowshoe race. Total score was 10 points.

For Norway finals, Ashton made first in 100 yard snowshoe dash; Ken. Aldrich, second. Aldrich was third in 100 yard ski dash. The team made second place in the medley race and Ashton and Yates secured fourth and fifth places respectively. In the two-mile ski race, Aldrich crossed the line in fourth position. Norway was in second place Friday night, with Lee well set in the saddle.

Rumford, Coney and Bangor scooped the cream during the skating events on Saturday and edged Norway down into the third notch. Rumford took 20 points in skating and made fourth place in the final count.

LOCAL MEN BOUGHT HARRISON FARM

An important transfer of real estate has recently been made by which Dennis Pike and J. A. McCready of Norway have purchased the William McCann and Adna Pike farm, so-called, but recently owned by John W. Ingersoll of Mercer, Me., located near Stewart's Corner, Harrison. The purchase includes all personal property, farm marchinery, farm implements, wagons, plows and all up-to-date tools and machinery. Purchasers do not intend to do farming operations here at present, yet they are intensely interested in all that pertains to farming and Mr. Pike carries on orcharding and has one of the best young McIntosh orchards in Oxford County, located on Crockett's Ridge, Norway.

The fourth annual Lewiston—Auburn Automobile Show will be held at the Lewiston Armory, Feb. 22, 23, 24 and 25. See ad in another column.

SOUTH WATERFORD

Mrs. Brackett Drives Auto from Haverhill, Mass., and Visits in Town—Harry Haynes Loses Horse—Officers of O. E. S. Installed.

Mrs. Ernest Brackett and her friends, Mr. and Mrs. Carter of West Medford, Mass., were in town several days the past week visiting Mrs. Brackett's brother, Chas. Nelson. Mrs. Brackett drove her car all the way. Once on the road at Raymond she skidded when slowing up, and nearly turned completely around on these icy roads. During her visit here they drove to Norway.

Mrs. Bion Pike is in poor health. Her daughter, Mrs. Ardelle Kimball, walks up to her mother's often to help Mrs. Pike.

Mrs. Pearl Bradbury was able to ride to the village this past week. Glad she is on the gain. The Bradburys have recently had a radio installed in their home. They are enjoying it very much.

Mr. and Mrs. Irving Bell walked to Waterford one day the past week. Good courage with the roads so icy.

One of Harry Hayne's horses was taken sick on the cream sled in Sweden last week. The horse fell and was in the snow for several hours before Mr. Robbins was able to get some one to help get him into a barn. Dr. Merrill, the veterinary, of South Paris was rushed to the spot at once. Pearl Bradbury has been helping to care for him. Mr. Haynes found the horse's condition so bad on Sunday he decided to have him laid away. Quite a loss. All are sorry for Mr. Haynes.

Friday, came Installation of the 1928 officers of Keoka Chapter, No. 12, Order of the Eastern Star in Masonic Hall at Waterford. A fine dinner was served at noon by Mr. and Mrs. Harold Pike and Helen Rice. The installation was held in the afternoon. Mrs. Blanche Tyler with Miss Carrie Plummer assisting, installed the officers. Loud was the praise of the fine manner in which the work was done. Those attending from our vicinity were, Mr. and Mrs. Chas. S. Hamiln, Mr. and Mrs. Carl Hamlin, Mrs. Horace Gardner, Mrs. Ida B. Riggs, Mrs. Eliza Charles, Miss Lillian Kimball, Mrs. A. A. Monroe, Henry S. Haynes, Mr. and Mrs. W. C. Goodwin and Ethel M. Monroe. Edgar L. Stone, in his truck with Harold Pike assisting, drove to the village conveying those from here who would have missed the nice day, but for their thoughtfulness and kindness.

Will Jordan went to the Central Maine General Hospital in Lewiston on Monday, for observation and treatment. All hope he receives great benefit.

Mrs. Alfretta Abbott, Mrs. Ida Holden and Dorothy Holden were dinner guests on Sunday, of Mrs. A. A. Monroe, and daughter, Ethel. It was a pleasant day for them all.

Mrs. Albert W. Hamlin has been on a visit in Portland the past week. Her aunt, Miss Louise Moulton, of Bridgton has been caring for her family during her absence.

Mrs. Laura Shaw returned home on Thursday after several days visit with her sister, Mrs. Fannie Green. She was quite a bit improved by her stay.

Mrs. A. A. Monroe has had a telephone installed in her home the past week.

W. W. Abbott is gaining some at the present writing.

Services at W. C. Goodwin's on Sunday evening were conducted by Rev. A. C. Townsend. He has been giving talk on some of the Bible Rivers. He finished the series of talks with the imaginary river, "The River of Life" pictured by Ezekiel to his people. Quite a number were in attendance in spite of the very icy roads. Mr. Goodwin very kindly harnessed his horse and took Mr. Townsend home. Next Sunday services are to be held at the home of W. W. Abbott.

Clinton Goodwin has gone to North Norway to work in the woods for Ernest Wentworth. Hopes to be home over the week end.

Bear Mountain Grange elected the following officers to serve for the coming year.

ALBANY

A surprise party was given Calvert Fullerton on his birthday, February 1st. Mr. Fullerton was away hauling timber and when he came home, a splendid chicken supper awaited him. Some of his neighbors had been invited in to supper. Mr. and Mrs. E. K. Shedd and grandson, Lee Lord. Roast chicken and all of the fixings, elegant ice cream and cake, custard pie were served. In the evening, several more neighobrs came in. Cards and the radio were the features of the evening's entertainment. Ice cream and various delicious kinds of cake were served twice during the evening. Large dishes of corn balls and homemade fudge rapidly disappeared. There were fifteen present. A fine time was enjoyed by all. They all went away wishing Mr. Fullerton many happy returns of the day. It was a complete surprise. It was his wife's hard work and forethought that made this a wonderful birthday.

Mr. and Mrs. E. K. Shedd spent the day, Sunday, with Mrs. Shedd's daughter and husband, Mr. and Mrs. Ernest Brown.

Mrs. Annie Hazelton is visiting her daughter, Mrs. Maud Allen, in Auburn, a few days.

Nahum Scribner, who has been spending the winter with his son, Fred Scribner, is very ill at present. He was taken with convulsions, Sunday morning. His daughter, Mrs. Cora Brown, was phoned or. She came as far as North Waterford by auto and George Allen carried her to Mr. Scribner's by team.

Frank Hatch and wife have set up housekeeping in a part of the house owned by his wife's father, J. A. Harding. Mr. Hatch has purchased the S. L. Lebroke span of horses of David McAllister, and is hauling birch at Rolfe's mill in East Waterford.

Wallace Jones' children all have the measles. Mrs. Walter Lord assisted her in her butter making, Saturday.

Winola Kilgore spent the week end with Mrs. William Fisk.

John McAllister went after a load of grain for Wm. Fisk.

Mr. and Mrs. Charles Cummings of Norway spent the week end at their father's, Leslie Hobson's.

Mrs. Sidney Hatch and son, Ralph, went to Bridgton, last week, after a load of household goods for Frank Hatch.

Mrs. Pearl Hatch has been assisting with the housework at her father's, Ezra Lebroke's, whose wife is ill.

Edith Littlefield has the prevailing distemper.

There is a movement for revision of the calendar, but it won't be popular unless it makes pay day come oftener, and rent day not so often.

RHEUMATISM

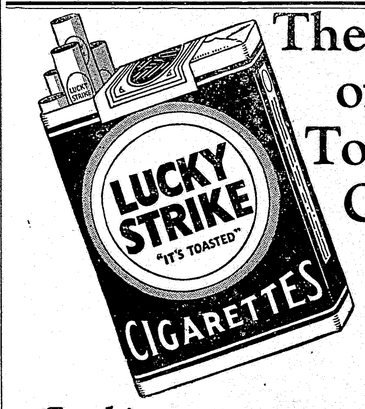

While in France with the American Army, I obtained a noted French prescription for the treatment of Rheumatism and Neuritis. I have given this to thousands with wonderful results. The prescription cost me nothing. I ask nothing for it. I will mail it if you will send me your address. A postal will bring it. Write today.

For foundations —get waterproof concrete

Ordinary Portland Cement Concrete is not waterproof,—no matter how good a brand of cement you use. Waterproofing is frequently impossible, always expensive and *now unnecessary*.

You can make waterproof concrete in the first place by using Dragon Super Cement. It is waterproof—absolutely. Use it exactly like ordinary Portland Cement. It IS Portland Cement in improved form—the outstanding improvement in cement making.

ANNOUNCEMENT

For two sessions, I have been a member of the House of Representatives of the Maine Legislature. It has been a custom in our state for persons with such service to be given a term or so in the Senate. It is my ambition to represent the people of Oxford County as their Senator at the next session.

My interest, not only in my town and Oxford County, but in the state at large, is well known. If given a chance to represent Oxford County in the Senate, I shall exercise the same watchful care in regard to the interests of my constituents. I favor the conservation of Maine's resources, the development of the state, not only its summer business and its manufacturing enterprises, but our farming sections as well. I am for the enforcement of the laws and for Maine's time honored policy.

I shall be a candidate before the Republican Primaries in June. If nominated and elected, I shall stand for the policies of the Party, for economy as represented in wise expenditure and shall lose no opportunity to do whatever I can in the interests of agriculture, education, and the general up-building of our state for the welfare of our people. I shall appreciate the support of the people in this Campaign.

The Fryeburg Flivver

Editorial

The modern method of breaking roads by tractor and plow is proving satisfactory after a due trial. Nobody can say that they are not making us an ice road, and of course a nice road is what we want.

A lot of our citizens were not in favor of the plow, but more and more of 'em are falling for it every day. Everybody likes to see good slipping in the winter time and that is what we are getting.

Reminds me of a football game. Everybody tries to gain five yards before they have a first down. The breast works which are thrown up in front of our house give us a feeling of security. If we shovel a breach in the wall, the plow is right on duty to fill up the gap.

They say the plow is efficient and economical e'en though it makes the pedestrian look deficient and comical.

Even the few who think the plow is not a bird will have to admit that it has wings.

Smith St. Smiles

The youth of our busy burg are multiplying so fast that they expect to make a new division of them at the grammar school, in which case there will have to be an addition to the school building, which will cause a subtraction in the tax payer's roll.

Pretty quiet times at the Box shop. Even the belts are getting slack, the saws are feeling dull and the wagon wheels are tired. But when business is booming, every truck has a jag on, the cars are forever getting "loaded" and even the belts are tight all the time. Which is worse?

If you wish a change of climate,
Come to Maine
When the wind is blowing, time it
Down in Maine.
You can hae a change of weather
When you rise you can't tell whether
You will have all kinds together
Down in Maine.
When the mercury is dropping,
Down in Maine,
'Pears it never thinks of stopping,
Down in Maine,
But 't'will rise again so quickly,
'Pass to summer heat so slickly.
Gosh, your woolens, they feel prickly,
Down in Maine.
You might think that it was Iceland
Down in Maine.
California or some nice land,
Down in Maine.
Bring your fur coat, palm beach clothes,
Bathing suits and woolen hose,
What you'll wear—Lord only knows,
Down in Maine.

A Doctor Wanted

Dear Editor, will you print this in the Advertiser, and other papers please copy.

At Stow is one of the best openings for a young doctor, one with the sand and determination to go ahead. There is Stow and Chatham, N. H., just across the line, just like one town and no doctor, while North Fryeburg, near, has a doctor. He does not get out much on account of his age and health. Lovell has two just about the same as No. Fryeburg.

Now, a doctor located at Stow could get all he could do in a community that pays its bills. There are summer camps with quite a population, in summer we have good roads and living is not expensive, (if it was I couldn't stay here).

Now we don't expect a high toned doctor way up in "G", but just one with M. D., stuck on the 'hind end of his name, solid enough so that it won't fall off and able to tell us whether we need a pill or a poultice.

You, young doctor, who cannot pay your office rent, please come and look it over.

—William M. Sanborn; "Old Bill".
